Education

Silicon University — Bhubaneswar, Odisha
B.Tech in Computer Science Engineering (CGPA: 9.20) — *2023 – 2027*

SSVM, Neelakanth Nagar — Berhampur, Odisha
CHSE 12th Board (92%) — State Rank Holder — *2021 – 2023*

SSVM, Neelakanth Nagar — Berhampur, Odisha
CHSE 10th Board (93%) — *2021*

Experience

IIT-ROPAR Winter Research Intern — Jan 2026 – Mar 2026
National Programme on Technology Enhanced Learning (NPTEL) — *Virtual — IIT Ropar*

- Selected for the national-level **internship program** under mentorship of **Prof. Sudarshan Iyengar,**.
- Studied and built foundational understanding of the **MERN Stack** through learning and guided implementation.
- Worked on **case studies and hands-on projects** focusing on **full-stack development, REST APIs, database integration, and frontend-backend communication**.
- Developed strong fundamentals in **modern web development architecture, problem solving, and practical application of MERN technologies**.

Data Science, ML & Deep Learning Intern — Jun 2025 – Jul 2025
Syllogistek Systems Private Limited — *BBSR, Odisha*

- Built **Supervised ML workflows** for data preprocessing, model training, and performance evaluation using **Python** and **Jupyter Notebook**.
- Implemented end-to-end **Machine Learning pipelines** including **EDA (Exploratory Data Analysis)**, **feature engineering**, model training, and accuracy comparison .
- Applied **ML algorithms** on real world datasets with structured **analytical problem solving**.

Python Programming & Applications Intern — Jun 2024 – Jul 2024
Syllogistek Systems Private Limited — *BBSR, Odisha*

- Completed an intensive **Python program** covering DS, functions, **OOP**, file handling, debugging, and modules.
- Built a **RESTful Employee Management System** using **Flask**, **SQLAlchemy**, and **CRUD operations**.
- Worked with **Git**, **Postman**, and backend workflows through a structured mini-project.

Projects

AgentIO Blog Writing Agent — Local LLMs, Ollama, Docker, FastAPI — *GitHub*

- Built a **blog-writing AI agent** using **locally hosted LLMs**, removing dependency on paid GPT/Gemini APIs.
- Implemented local inference using **Ollama and Docker** for efficient model loading and resource handling.
- Reduced **LLM hallucinations** using prompt control, temperature tuning, repetition penalties, and structured Markdown outputs.
- Integrated **Tavily web search** for real-time retrieval to answer post-cutoff knowledge queries.
- Built an end-to-end pipeline with **FastAPI backend**, frontend delivery, and persistent local memory.
- **Live:** blog-writing-agent.vercel.app

Resumyzer – AI-Backed ATS Resume–JD Analyzer — *GitHub*

- Built an **AI ATS resume analyzer** to evaluate **resume–job description alignment** and screening signals.
- Integrated **Gemini 2.5-Flash** for parsing analysis, **skill-keyword matching**, and experience alignment.
- Developed the system using **React (Vite)**, **FastAPI**, and **Supabase**.
- Implemented **EmailJS notifications** for automated report delivery.
- **Live:** resumyzer24.vercel.app

SMS Spam Classifier — Python, Scikit-learn, Streamlit, TF-IDF — *GitHub*

- Developed an end-to-end **ML system** for **SMS spam classification**.
- Used **TF-IDF vectorization** with **supervised learning models** for text prediction.
- Deployed an interactive **Streamlit app** for real-time message classification.
- **Live:** sms-spam-classifier-24.onrender.com

Technical Skills

Languages: Python, SQL (MySQL)
Frameworks: FastAPI, Flask
Developer Tools: Git, HuggingFace, MCP, VS Code
Libraries: PyTorch, NumPy, pandas, OpenCV
Domains: Machine Learning, Deep Learning, NLP, Computer Vision, GenAI, Agentic AI, DSA

Extra-Curricular Activities

Event Management *Jun 2024 – Present*

- Member of the **Campus Life Coordination Committee (CCC)**, involved in **planning, coordination, and on-ground execution** of major university events.

Student Mentorship *Jun 2024 – Jun 2025*

- Mentored **freshers** on **academics, course selection, and university adaptation** under the **Student Mentorship Program**.
